

Terry Bryan Bending

Constitution Party of Ohio

I was born in New York Ohio in 1965. I graduated Newark high school 1983, did a few odd jobs, worked on some cars, and then entered the United States Air Force in 1987. I was with the security police at falcon Air Force Base, Colorado Springs, CO, space command. I got married in 1988 and had three children. After 3 years in the Air Force, I came back home to Ohio and became self-employed in the transportation business. I remarried in 2015, and now have four more children.

I love my relationship with God and He has taken care of me and my family my whole life!

I was very involved in politics my whole life. I had always voted for a Republican. McCain in 2008 and Romney-Care Romney in 2012. The nail in the coffin, Donald Trump in 2016, was all I could take! I realized the Libertarian party is mostly a Godless group. Then, I found the Constitution Party. Something needs to be done in our country! We, the people, need to take action! We need to stand together in front of God and with God. I believe we are in for a very rough ride. Our government has broken our financial system and is out of control! Something needs to be done, now! Please, join me and other God-fearing Constitution-loving patriots as we join together to try and get good people elected in our government!

I have been following politics my whole adult life. I have spent most of that time supporting the GOP. The Constitution Party is the place for me. I believe our world is in for a major financial collapse and that the two major parties are doing absolutely nothing to stop it and are in fact contributing to the problem! Please join me and others in the Constitution Party as we stand for God our country our Constitution liberties and freedom for everyone. Many Blessings!
